(a) whether it is a fact that the Food Corportion of India is in a comfortable position in maintaining its buffer stock of foodgrains;

(b) wneher the procurment of food grain is also satisfactory;

(c) if so, whether FCI has taken steps to ensure proper storage facilities and also utilise the surplus stock; and

(d) if so, the details thereof?

THE MINISTER OF FOOD (SHRI AJIT SINGH): (a) Yes, Sir.

(b) The total procurement of wheat and rice in the Central-Pool during the last 3 years has been as under:—

Marketing Season	Wheat	rice
	(in lakh torn	
1993-94	128.35	136.51
1994-95	118.61	132.89
1995-96 (upto 20.11.95)	123.18	37.61

The shortfall in procurement of rice during 1995-96 so far is attributed to reduction in production due to floods in some parts of Punjab, Haryana and Andhra pradesh and commencement of season from 1.10.95 in Punjab and Haryana instead of 1.9.95 last year.

(c) and (d) Yes, Sir. At macro level the existing storage capacity is adequate to store the available stocks, however, difficulties do arise in the heavy procurement areas. In order to take a care of any defficiency at local levels the field officers of FCI have been delegated with powers for hiring additional storage capacity from private parties/Govt. agencies like CWC. SWC, State Govt. etc. Further, as a long term strategy, a number of stepslike expediting ongoing construction of godown, enhancing of FCI's CAP capacity, hiring of abandoned air strips for creating large open storage complexes etc. are being taken. The FCI has also undertaken construction of additional storage capacity at strategic locations. During the 8th Five year Plan (1992-97) FCI has been given a target of constructing an additional capacity of 6 lakh tonnes out of which it has already constructed 3.24 lakh tonnes so far.

Apart from regular releases for PDS, the FCI is selling wheat and rice in the open market at price below FCI's economic cost. Besides, wheat and/or rice is/are being alloted at subsidised rates for various welfare schemes like Mid-day Meals Scheme, Employment

Generation Scheme, to SC/ST/OBC Hostels and to Modern Food Industries (I) Ltd., for manufacturing bread and energy foods etc.
